

During March 2015, ABA International skills experts in association with the University of Transylvania, Faculty of Silviculture and Forest Engineering, hosted a training event mainly outdoors in the beautiful mountains of Romania which included a visit to the famous Bran Castle during the week. Demonstrations and live assessments provided the international instructors present an opportunity to familiarise with the minimum ABA standards for chainsaw operators. Many instructors undertook the assessment for the European Chainsaw Certificate ECC/ICC Level 1 and successful candidates were provided with instructional techniques training in Level 2.

### UPCOMING MEETING

**Chainsaw:** Level 1 - Maintenance & Crosscutting and Level 2 - Basic Tree Felling

**Arborists:** Climbing Level 1 - Tree climbing, Use of Handsaw & Aerial Rescue techniques and Level 2 Use of a chainsaw in a Tree held in Brno, Czech Republic on 1-5 June 2015.
